Go to your base X-Plane 11 folder and select the “AIRCRAFT” folder

Within your “AIRCRAFT” folder, find your current ZIBO folder. Mine is called “B737-800X”

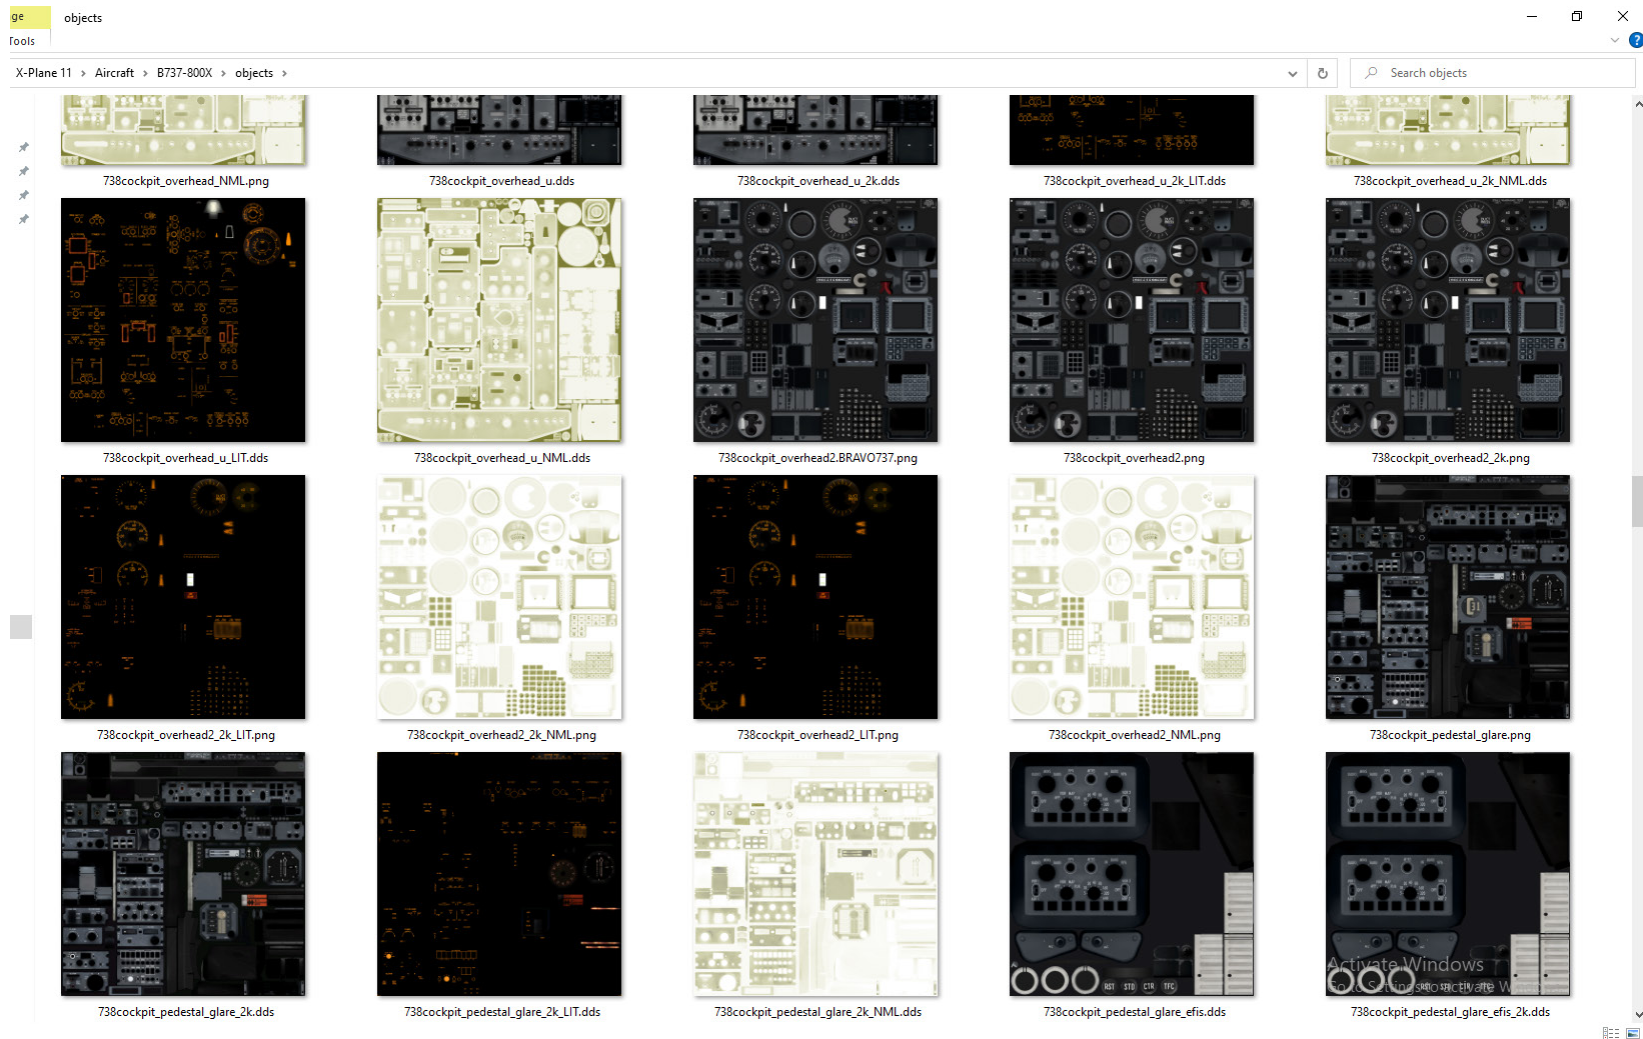

D:) > X-Plane 11 > Aircraft >

Within your ZIBO folder, find the “OBJECTS” folder and open it.

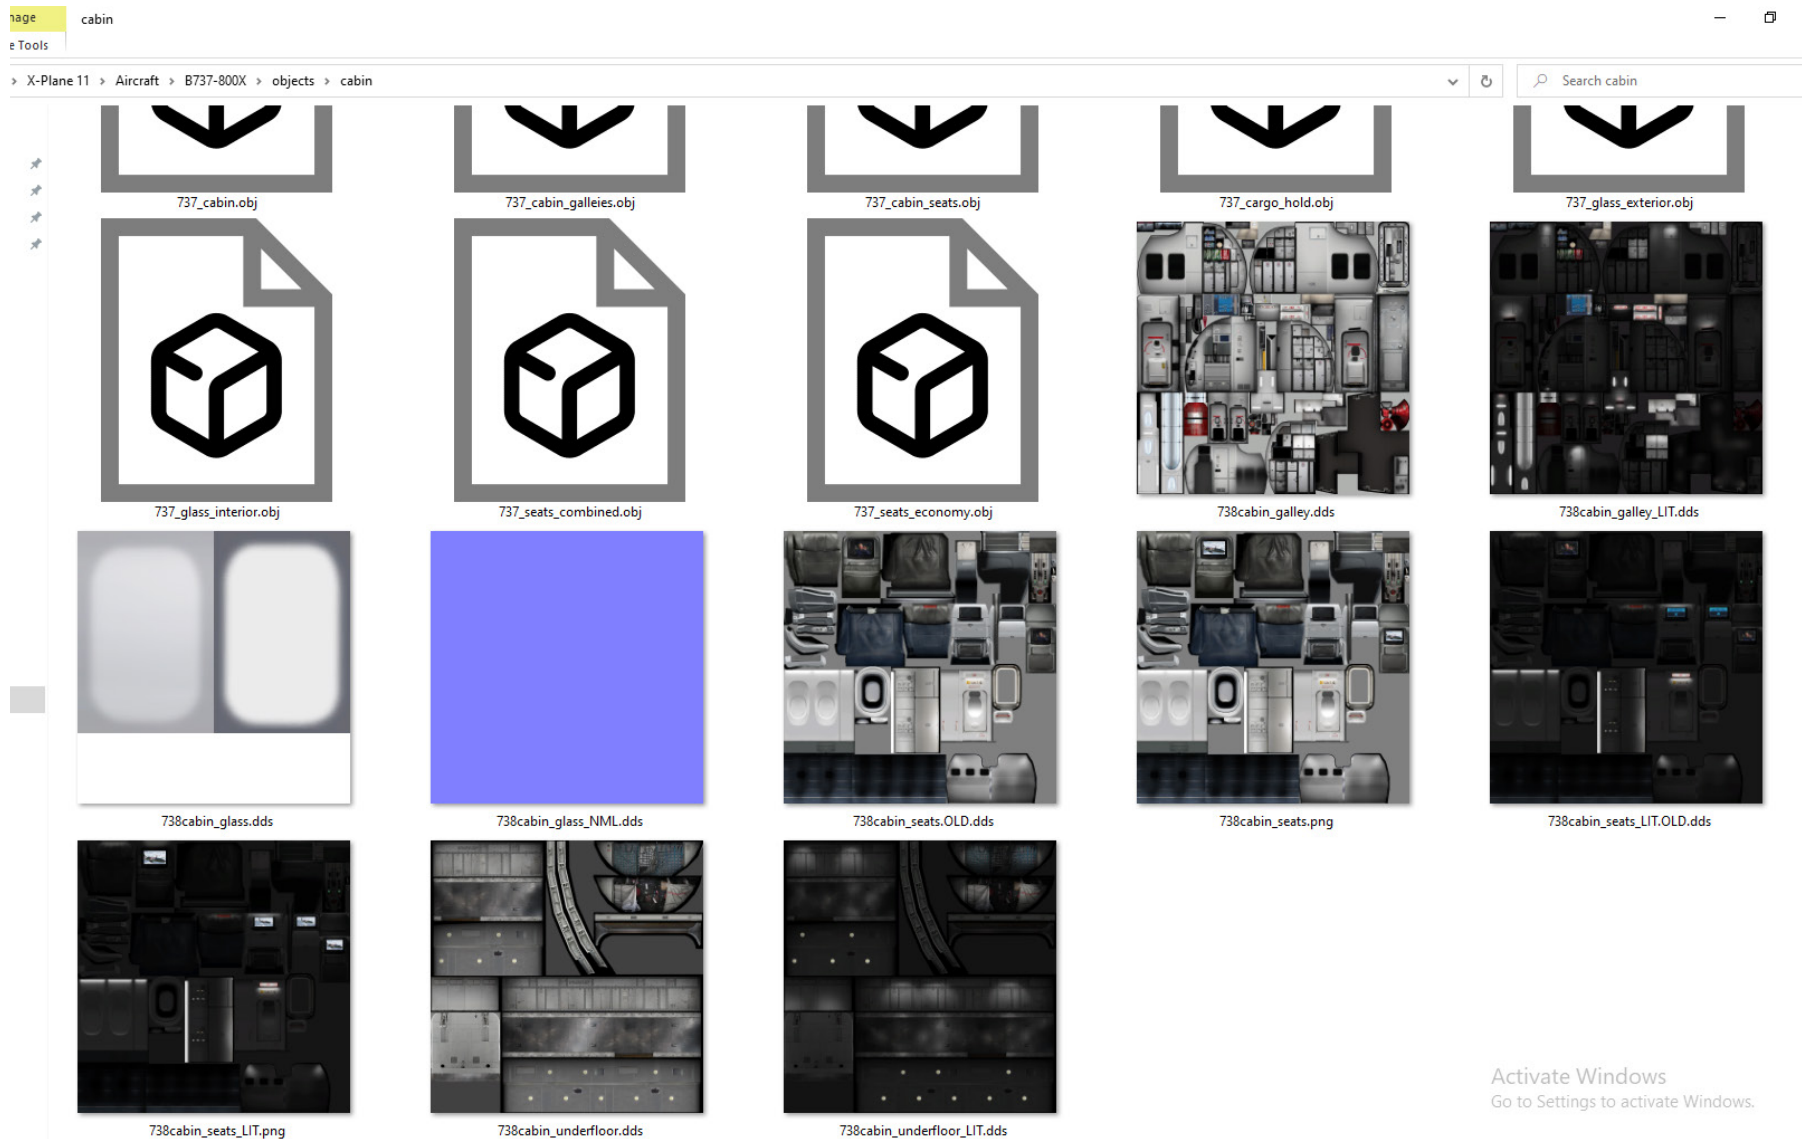

Within your “OBJECTS” folder, find the “738cockpit\_overhead2.png” file. Rename that file to “738cockpit\_overhead2OLD.png” or similar. Then copy the file “738cockpit\_overhead2.C31.png” into this folder. Once copied, change the name to “738cockpit\_overhead2.png” This will change the FMC/CDU to show the Charlie Thirty One engraving.

Within your “OBJECTS” folder, find the “738cockpit\_pedestal\_glare.png” and rename it “738cockpit\_pedestal\_glareOLD.png” or similar. Then copy the file “738cockpit\_pedestal\_glare.c31-1.dds” into this folder. Once copied, change the name to “738cockpit\_pedestal\_glare.dds” This will place the C31 placard on the MIP.

Within your “OBJECTS” folder, find the “CABIN” folder.

Within your “CABIN” folder, find the “738cabin\_seats.dds” and rename it “738cabin\_seatsOLD.dds” or similar. Copy the “738cabin\_seats.c31.dds” file and change it to “738cabin\_seats.dds” this will change the screens on the back of the seats.

Within your your “CABIN” folder, find the “738cabin\_seats\_LIT.dds” file and rename it “738cabin\_seats\_LITOLD.dds” or similar. Then copy the “738cabin\_seats\_LIT.c31.dds” file into this folder. Rename that file “738cabin\_seats\_LIT.dds” This will change the screens on the back of the seats during night flights.
